ZIPSCREEN®

Cassette Options

Made from engineering-grade, precision-extruded aluminium, Zipscreen Headboxes are durable and sleek.

Automate Push remote control

When paired with an Automate motor your Zipscreen blinds are controlled using the stylish Push remote controls available in white or black. Internal & External blinds can be controlled via one remote.

Bearing Idler and Reducer

The robust bearing idler features dual stainless steel roller bearings and a 15mm diameter stainless steel shaft to ensure a secure hold, premium consistent operation, and superior longevity. The reducer collects the zip ensuring a smooth fabric finish.

Weight bars (F56 & F72)

Slimline square design made from extruded aluminium with additional weight provisions for improved motorised shade operation. Bubble seal strips are also available ranging from 8-40mm in height to seal up uneven floors. Scan QR code to see more.

Aluminium Tube

Aluminium tube options range from 80mm to 130mm, achieving widths up to 7m wide.

Colour swatch

Zipscreen is available in a range of colours matched to popular Dulux & Colorbond exterior colours to seamlessly integrate into your home.

z-LOCK™ Side Fastening Channels

Concealed within slimline channels, Zipscreen's patented z-LOCK™ technology fastens the fabric securely, creating a strong hold and smooth operation.

Upgrade to an Ultra-lock, hidden inside the side channels for a one action close and tension.

Inner channels offer up to 20mm adjustment to correct out of square areas.

Insert fabric with zip sample located in mesh compartment to showcase a secure hold.
