All fabrics are 100% polyester except where a sheet says on request. Approve fabric and color from a physical sample.

Control and motorization

Four ways to run a zebra shade

CONTROL OPTIONS	
Twin pull wand	Child safe by design, no cords or chains
Chain and clutch	Bead chain with clutch, minimum width 12 in.
Cordless	Spring assist, minimum width 18 in.
Motorized	Battery motors from Somfy or Automate, minimum width 26 in.

SOMFY BATTERY MOTOR	
Motor	Sonesse 28 WireFree Zigbee Li-ion, 1.1 Nm, quiet 44 dB(A) typical
Battery	Built in 12V, 2600 mAh lithium ion. Recharge about once a year at one cycle a day; under 4.5 hours to charge
Control	Ysia Zigbee 1 and 5 channel remotes, wall keypads, TaHoma switch for app, voice and home system control

AUTOMATE BATTERY MOTOR	
Motor	Built in battery, two way communication and speed control. Ships pre charged from our workroom
Battery	One 6 to 8 hour charge from a standard outlet lasts up to 500 up and down cycles. 48 in. charging cord, 96 in. extension optional. Works in a power outage
Control	Paradigm single channel remote, Push 5 or Push 15 channel remotes in white or black. Pulse 2 hub for app control, timers and up to 30 shade configurations
Solar	Optional solar panel charges the motor from daylight and in-home light

Automate motor, solar panel, remotes and hub

SBM Revolve Zebra Shade System

Transitional dual band roller shade in a cassette header

A roller shade with the light control of a blind. Alternating sheer and solid bands slide past each other: line them up to see out and let light in, offset them for privacy. Fabrics come in light filtering, dim-out and room darkening, with a square or curved cassette header in colors to coordinate.

LIGHT CONTROL	MAX WIDTH	HEADER	CONTROL
Filtering to darkening	**109 in. single panel**	**Square or curved**	**4 options**

Vanes open and vanes closed

Curved cassette header

BEST-USE APPLICATIONS

- Living rooms, bedrooms and offices that need view, light and privacy from one shade
- Homes that want a blind's light control with a soft fabric look
- Media rooms and bedrooms, with room darkening fabrics
- Motorized and integrated homes, with battery motors and no wiring

KEY BENEFITS

- Adjust view, light and privacy without raising the shade
- Cassette header hides the roll; square or curved, five hardware colors
- Twin pull wand, chain and clutch, cordless or motorized
- Battery motor options from Somfy or Automate
- 19 fabric lines from light filtering to room darkening

> One shade gives the view of a roller shade and the light and privacy control of a blind.

SBM REVOLVE ZEBRA SHADE SYSTEM, TECHNICAL DATA

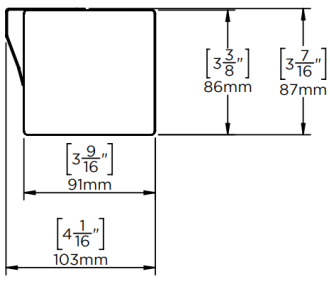

Specifications

SIZE STANDARDS	
Minimum width	Clutch 12 in. | Cordless 18 in. | Motorized 26 in.
Maximum width	109 in. single panel
Maximum length	Varies by fabric

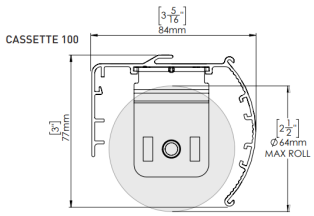

FACTORY DEDUCTIONS AND MOUNTING, CASSETTE 100	
Inside mount	Profile ordered width less 1/4 in. Fabric width varies by system.
Outside mount	Ordered width, exact size
Inside mount depth	1 5/8 in. minimum; 3 3/4 in. for a flush mount
Outside mount surface	1 3/8 in. minimum flat surface

OPTIONS	
Top cover	Square cassette or curved cassette
Hardware colors	Anodized, black, white, bronze, vanilla
Control	Twin pull wand, chain and clutch, cordless, or motorized (Somfy or Automate battery motors)
Bottom bar	Standard bottom bar, or round bottom bar (no fabric cover option)
Fabrics	Light filtering: Avondale, Dalton, Emerson, Fiji, Ikaria, Parga, Pembroke, Shiloh, Skyros, Spetses, Woodbury, Zakynthos. Oslo, Pura, Pura Natural (specs on request). Dim-out: Poros. Room darkening: Graham, Lula, Sparta.
