

Skylight Zip Screen System

The Zipscreen Skylight system offers a refined solution for light block out in any horizontal or sloped windows. Using secure zip locking channels, the system achieves perfect tension of fabric in all directions during operation and while stationary. Electronically operated, it's the ultimate system for energy saving throughout buildings, adaptable for both commercial and domestic applications. The Wire Guide Skylight offers a cost effective solution giving flexibility for a range of installation scenarios.

SPECIALTY SYSTEMS SPECIFICATION

AESTHETICAL FEATURES

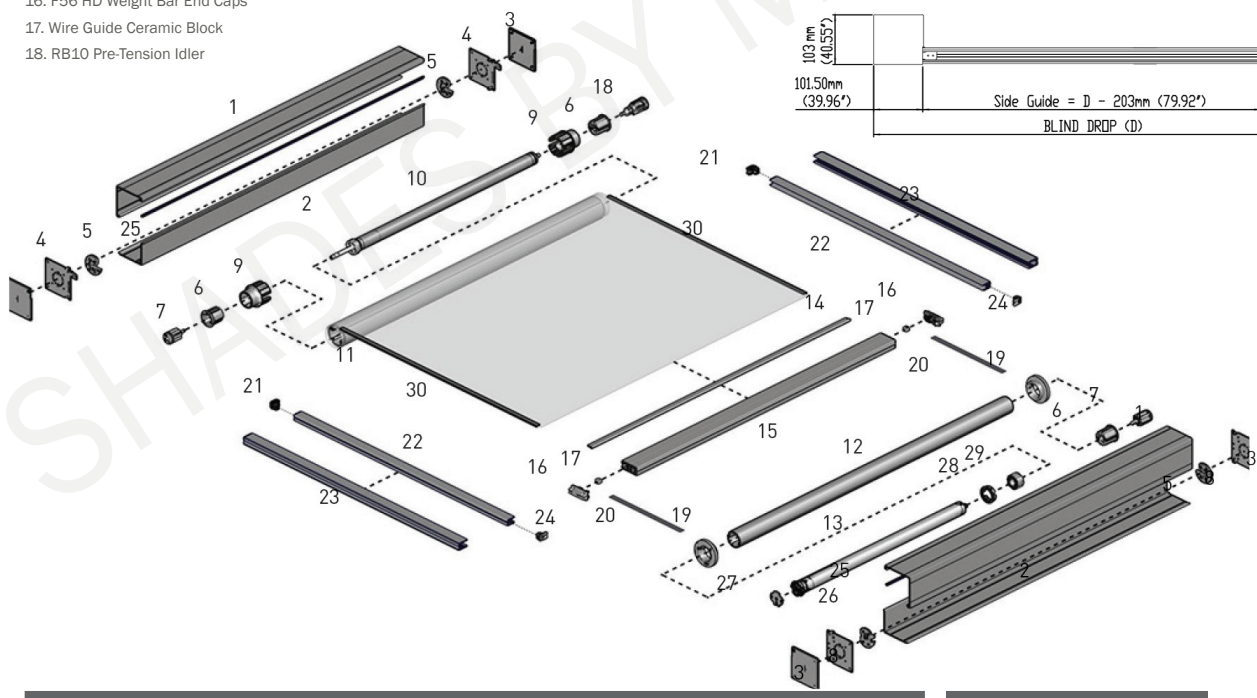

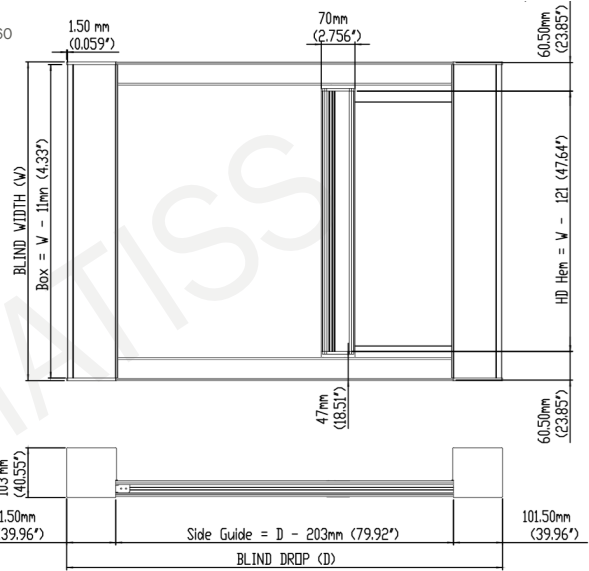

- Contemporary square architectural design
- Custom color matching achievable
- No visible tape/cord for Zipscreen Skylight

FUNCTIONAL BENEFITS

- Further enhances energy conservation compared to a standard roller shade
- Versatile system for horizontal or angled applications
